POLICY RESOLUTIONS

PUBLIC RECORDS POLICY

It is the policy of Southern State Community College that openness leads to a better informed citizenry, which leads to better government and better public policy. It is the policy of Southern State Community College to strictly adhere to the state's Public Records Act. All exemptions to openness are to be construed in their narrowest sense and any denial of public records in response to a valid request must be accompanied by an explanation, including legal authority, as outlined in the Ohio Revised Code. If the request is in writing, the explanation must also be in writing.

PUBLIC RECORDS

This office, in accordance with the Ohio Revised Code, defines records as including the following: Any document – paper, electronic (including, but not limited to, e-mail), or other format – that is created or received by, or comes under the jurisdiction of a public office that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office.

All records of Southern State Community College are public unless they are specifically exempt from disclosure under the Ohio Revised Code. Under Ohio law, a record (or portion of a record) may still be withheld from release because state or federal law makes the record or a portion thereof confidential.

The College will respond to a public records request within a reasonable amount of time after receiving the request.

DIRECTORY INFORMATION

Southern State Community College has defined their directory information as follows:

- Name
- Dates of Attendance
- Honors and awards received
- Degree(s)/Certificate(s) awarded, if any
- Full-time or Part-time enrollment status
- Email address
- Phone number
- City of residence
- Participation in officially recognized sports and activities
- Photograph

However, releasing directory information to any person or group for use in a profit-making plan or activity is prohibited.

SECTION 1. POLICY

It is the policy of Southern State Community College that, as required by Ohio law, records will be organized and maintained so that they are readily available for inspection and copying (See Section 4 for the e-mail record policy). Record retention schedules are to be updated regularly and posted prominently.

SECTION 2. RECORD REQUESTS

With the exception of student records (see Section 1), each request for public records should be evaluated for a response using the following guidelines:

Section 2.1

Although no specific language is required to make a request, the requester must at least identify the records requested with sufficient clarity to allow the public office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian must contact the requester for clarification, and should assist the requester in revising the request by informing the requester of the manner in which the office keeps its records.

Section 2.2

The requester does not have to put a records request in writing, and does not have to provide his or her identity or the intended use of the requested public record. It is this office's general policy that this information is not to be requested.

Section 2.3

Public records are to be available for inspection during regular business hours, with the exception of published holidays or closings. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. "Prompt" and "reasonable" take into account the volume of records requested, the proximity of the location where the records are stored, and the necessity for any legal review of the records requested.

Section 2.4

Each request should be evaluated for an estimated length of time required to gather the records. Routine requests for records should be satisfied immediately if feasible to do so. Routine requests include, but are not limited to, meeting minutes (both in draft and final form), budgets, salary information, forms and applications, personnel rosters, etc. If fewer than 20 pages of copies are requested or if the records are readily available in an electronic format that can be e-mailed or downloaded easily, these should be made as quickly as the equipment allows.

All requests for public records must either be satisfied (see Section 2.4) or be acknowledged in writing by Southern State Community College within three business days following the office's receipt of the request. If a request is deemed significantly beyond "routine," such as seeking a voluminous number of copies or requiring extensive research, the acknowledgement must include the following:

- An estimated number of business days it will take to satisfy the request.

- An estimated cost, if copies are requested.
- Any items within the request that may be exempt from disclosure.

Section 2.5

Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority.

SECTION 3. COSTS FOR PUBLIC RECORDS

Those seeking public records will be charged only the actual cost of making copies.

- The charge for paper copies is 2 cents per page.
- The charge for downloaded computer files to a compact disc is \$1 per disc.
- There is no charge for documents e-mailed.
- Requesters may ask that documents be mailed to them. They will be charged the actual cost of the postage and mailing supplies, paper copies and/or discs.

SECTION 4. E-MAIL

Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of the office. E-mail is to be treated in the same fashion as records in other formats and should follow the same retention schedules.

Section 4.1

Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of this office are instructed to retain their e-mails that relate to public business (see Section 1 Public Records) and to copy them to their business e-mail accounts and/or to the office's records custodian.

Section 4.2

The records custodian is to treat the e-mails from private accounts as records of the public office, filing them in the appropriate way, retaining them per established schedules and making them available for inspection and copying in accordance with the Public Records Act.

PUBLIC USE OF COLLEGE GROUNDS

PURPOSE

The purpose of the Policy is to promote the free exchange of ideas and the safe and efficient operation of the College by:

- Fostering free speech, assembly and other expressive activities on College property by all persons, whether or not they are affiliated with the College.
- Maintaining an appropriate educational and work environment for all persons present on College property, including but not limited to students, faculty, employees, customers and visitors.
- Maintaining the personal security of all persons present on College property and protecting the property of the College and of persons present on College property.

In developing this Policy, the College recognizes the constitutional freedoms guaranteed by the United States and Ohio Constitutions, including freedom of speech, press and assembly. The College also recognizes the need to preserve and protect its property, students, guests and employees of the College, and to ensure the effective operation of educational, business and related activities of the College. Expressive activities on the College’s campus may be subject to reasonable regulation with regard to the time, place and manner of the activities. College employees will not consider the content of expressive activities when enforcing this Policy. No Policy can address every possible activity or situation that may occur on College property, and the College reserves the right to address such situations as circumstances warrant.

This Policy does not apply to use of College facilities and grounds for official events sponsored by the College. Expressive activities carried out under this Policy shall not be considered to be speech made by, on behalf of or endorsed by the College. This Policy supersedes any provisions in any other earlier-adopted College policies that address similar or overlapping issues, such as use of outdoor spaces.

OUTDOOR AREAS OF CAMPUS GENERALLY AVAILABLE FOR USE

1. General Access

Any person or group may use, without prior notification, any publicly accessible outdoor area of the College's campus except parking lots, garages and driveways. Federal, state and local laws will be enforced as applicable. The use of walkways or other common areas may not block the free passage of others or impede the regular operation of the College. Use of the general access areas may include speaking, non-verbal expression, distributing literature, displaying signage and circulating petitions. There is no limit to the number of times a month a person or group may access those areas.

During work and class hours or if the area is currently in use for an official College event, amplification may be restricted if it unreasonably interferes with College operations or noise ordinances are violated.

2. Off-campus Locations

The College's off-campus locations are leased facilities and not owned by the College. Those facilities generally do not include any outdoor space leased or controlled by the College, therefore, no publicly-accessible outdoor areas available for use under this Policy. Where any outdoors space is controlled by the College, this Policy applies.

3. Large Groups

Except in circumstances described below, any person or group whose use of an outdoor area is expected or reasonably likely to have more than one hundred people must notify the Campus Director at least two (2) business days before the day of the expressive activity, including information as to the specific location to be used for the event and the estimated expected number of persons, and the name and contact information of at least one person who can be contacted regarding logistics of the event, which shall include at least one person who will be personally present. Security and clean-up costs will not be charged to the person or group.

Prior notice is necessary to ensure that there is sufficient space for the large group event, that the large group event does not conflict with any other scheduled use of the outdoor space, and that sufficient College resources are available for crowd control and security. If such advance notice is not feasible because of circumstances that could not be reasonably anticipated, the person or group shall provide the College with as much advance notice as circumstances reasonably permit.

STUDENT USE

In addition to the general right of access to outdoor areas of campus described above, any student or student organization may seek to reserve the use of specific outdoor areas by contacting the Campus Director. Any request by a student or student organization to

reserve such area or space shall be made at least one (1) business day prior to the event. A request will be granted unless it would conflict or interfere with a previously scheduled event or activity or violate this Policy.

A student or student organization that has reserved a specific area or space under this Policy will have priority over any other persons seeking to use the area or space during the scheduled time period. Any decision denying a request shall be promptly communicated in writing to the requester and shall set forth the basis for the denial. The content of the anticipated speech or other expressive activity shall not form the basis for a denial.

PROHIBITED ACTIVITIES

1. Any event or activity that disrupts the ability of the College to effectively and peacefully teach students, provide client services, or conduct any of its other business and support operations is prohibited. Examples include but are not limited to excessive noise, impeding vehicle or pedestrian traffic, and conduct otherwise unlawful.
2. No activity may damage College property. Prohibited actions include but are not limited to driving stakes or poles into the ground, hammering nails into buildings, and attaching anything to sidewalks, paved areas, or any part of any building, structure or fixture.
3. Distribution/solicitation by placing any material on vehicles in the parking lots or garages is prohibited. Leaving trash, litter, materials or pollutants in any area is prohibited.

ENFORCEMENT

The Campus Directors and local law enforcement shall enforce the provisions of this Policy.

Any person who violates Section D of this Policy may be subject to an order to leave College property. Employees in violation of this Policy may be subject to discipline, up to and including termination.

DISPUTE RESOLUTION

Any person or recognized student organization who believes unlawful, unreasonable, or arbitrary limitations have been imposed on any of their speech or other expressive activities under this Policy may file a complaint with the Vice President of Student Affairs.

PROCEDURES

The President may adopt procedures to administer this Policy.

FREEDOM OF EXPRESSION POLICY AND PROCEDURES

PURPOSE

This Policy applies to Southern State Community College (College) students, student groups, faculty, and staff. Ohio Revised Code 3345.0215 requires each institution's board of trustees to adopt a policy on campus free speech that is consistent with and adheres to the principles set forth in R.C. 3345.0215.

DEFINITIONS

"Faculty" or "faculty member" means any person, who is responsible for instruction. For purposes of this section, the term "faculty" does not include persons whose primary responsibilities are administrative or managerial.

"Student" means any person who is enrolled on a full-time or part-time basis at the College.

"Student group" means an officially recognized group at the College, or a group seeking official recognition, comprised of admitted students.

POLICY

Pursuant to R.C. 3345.0215, the College affirms the following principles on free speech:

1. Students have a fundamental constitutional right to free speech.
2. The College is committed to giving students broad latitude to speak, write, listen, challenge, learn, and discuss any issue, subject to division (E) of R.C. 3345.0215.
3. The College is committed to maintaining a campus as a marketplace of ideas for all students and all faculty in which the free exchange of ideas is not to be suppressed because the ideas put forth are thought by some or even by most members of the

institution's community to be offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or wrong-headed.

4. It is for the College's individual students and faculty to make judgments about ideas for themselves, and to act on those judgments not by seeking to suppress free speech, but by openly and vigorously contesting the ideas that they oppose.
5. It is not the proper role of the College to attempt to shield individuals from free speech, including ideas and opinions they find offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or wrong-headed.
6. Although the College should greatly value civility and mutual respect, concerns about civility and mutual respect shall never be used by the College as a justification for closing off the discussion of ideas, however offensive, unwise, immoral, indecent, disagreeable, conservative, liberal, traditional, radical, or wrong-headed those ideas may be to some students or faculty.
7. Although all students and all faculty are free to state their own views about and contest the views expressed on campus, and to state their own views about and contest speakers who are invited to express their views on the College's campus, they may not substantially obstruct or otherwise substantially interfere with the freedom of others to express views they reject or even loathe. To this end, the College has a responsibility to promote a lively and fearless freedom of debate and deliberation and protect that freedom.
8. The College is committed to providing an atmosphere that is most conducive to speculation, experimentation, and creation by all students and all faculty, who shall always remain free to inquire, to study and to evaluate, and to gain new understanding.
9. The primary responsibility of faculty is to engage an honest, courageous, and persistent effort to search out and communicate the truth that lies in the areas of their competence.

Nothing contained in this Policy shall be construed as prohibiting the College from imposing measures that do not violate the First Amendment to the United States Constitution or Article I, Sections 3 and 11 of the Ohio Constitution such as:

1. Constitutional time, place, and manner restrictions;
2. Reasonable and viewpoint-neutral restrictions in nonpublic forums;
3. Restricting the use of the College's property to protect the free speech rights of students and teachers and preserve the use of the property for the advancement of the College's mission;

4. Prohibiting or limiting speech, expression, or assemblies that are not protected by the First Amendment to the United States Constitution or Article I, Sections 3 and 11 of the Ohio Constitution;
5. Content restrictions on speech that are reasonably related to a legitimate pedagogical purpose, such as classroom rules enacted by faculty.

Nothing in this Policy shall be construed to grant students the right to disrupt previously scheduled or reserved activities occurring in a traditional public forum.

PROCEDURE

Issuing a Complaint

A student, student group, or faculty member may submit a complaint about an alleged violation of the Policy by an employee of the College. Complaints alleging a faculty member violated this policy should be reported as “academic concern” using the College’s online “Incident Report Form” available at www.sccc.edu. Complaints alleging a staff member violated this policy should be reported as “general conduct report” using the College’s online “Incident Report Form” available at www.sccc.edu.

Complaints should include the full name of the person filing the complaint and relevant contact information, the date of the violation, where it occurred, and a description of the alleged violation. Anonymous reports may be submitted, but this may limit the College’s ability to conduct a complete investigation.

Complaints for an alleged violation involving grading should be issued within ten calendar days of the graded assignment or within 30 calendar days of the issuance of final grades. Complaints of a more fluid nature, such as discussions or classroom debates should be issued within ten calendar days.

Upon receipt of the incident form, the College will issue written acknowledgment of the complaint within ten business days. This acknowledgement will include requests for any clarifying information, details around the proposed next steps, and a proposed timeline for when the investigation will occur and a resolution determined. Such processes should generally take no longer than 30 calendar days after the acknowledgment is issued.

Investigation of the Complaint

The College is committed to treating and investigating all complaints in a fair and impartial manner. The process shall comply with the standards adopted by the Chancellor of the Ohio Department of Higher Education and include an investigation of the alleged violation.

The Policy and Information Manual includes an Employee Code of Conduct, Section 3.11 and addresses the investigation of alleged violations. All employees are expected

to cooperate truthfully in the College's investigation of such reports. The Vice President of Human Resources will assign an investigator as appropriate and initiate a fair and impartial hearing.

Complaint Resolution

If the hearing determines this Policy was violated, the College shall determine a resolution to address the violation and prevent any further violation of this Policy, which may include discipline of the employee, up to and including termination of employment. The College's Employee Code of Conduct will guide such corrective action. The President shall determine the ultimate resolution to address the violation and prevent any further violation of this policy.

STATEMENT PROHIBITING RETALIATION

No person shall retaliate against an individual for reporting a violation of freedom of expression, filing a complaint, participating in an investigation, participating in the resolution of a complaint, implementing measures that would prevent further violation of this policy, or any other activity protected under this policy, regardless of the outcome. Any act of retaliation or reprisal violates this policy and will be treated as a separate violation. Anyone found to have retaliated against someone making use of this policy will be subject to corrective actions, up to and including termination of employment or dismissal from the College.

CONTINUED COMPLIANCE

Training and education on this policy and processes as it relates to those investigators and others involved in the adjudication process will be provided annually and coordinated by the Office of Human Resources.

Following the start of each academic term, students, faculty, and staff will be notified of the following:

- Where to find the Freedom of Expression Policy
- Reporting procedures and necessary information to issue a complaint
- The timeline for issuing a complaint, and
- Guidance after the complaint has been filed.

(D) “Technical education program” means a post high school program of not more than two years’ duration that is planned and intended to prepare students to pursue employment or improve technical knowledge in careers generally but not exclusively at the semiprofessional level. 3358.02 STATE COMMUNITY COLLEGE DISTRICT

(A) A state community college district may be created to take the place of a technical college or a university branch with the approval of the Ohio department of higher education upon the proposal of the board of trustees of a technical college district, or upon the proposal of the board of trustees of a state university, or upon the joint proposal of both such boards, and pursuant to an agreement entered into under section 3358.05 of the Revised Code. A state community college district may not be created to take the place of both a technical college district and a university branch without the consent of both boards of trustees. The attorney general shall be the attorney for each state community college district and shall provide legal advice in all matters relating to its powers and duties.

(B)(1) Qualified electors residing in a county, or in two or more contiguous counties, with a total population of at least one hundred fifty thousand may, in the manner prescribed in division (C) of section 3354.02 of the Revised Code, execute a petition proposing the creation of a state community college district within the territory of the county or counties. Upon the certification to the Ohio department of higher education that a majority of the electors voting on the proposition in the territory in which the proposed college is to be located voted in favor thereof, the board may create a state community college district comprising the territory included in the petition.

(2) The board of county commissioners of a county in which there is no university branch or technical college and which has a population of not less than one hundred fifty thousand may, by resolution approved by two-thirds of its members, propose the creation of a state community college district within the county. Upon certification to the Ohio department of higher education of a copy of such resolution, the board may create a state community college district comprising a county.

(3) The boards of county commissioners of any two or more contiguous counties in which there is no university branch or technical college and which have a combined population of not less than one hundred fifty thousand may, by a resolution approved by two-thirds of the members of each such board, jointly propose the creation of a state community college district within the territory of the counties. Upon certification to the Ohio department of higher education of a copy of the resolution, the board may create a state community college district comprising the counties.

(C) A state community college district may be expanded to include one or more counties, by a majority vote of the board of trustees and upon approval by the Ohio department of higher education.

(D) Upon a proposal of the board of trustees of a state community college district, the Ohio department of higher education may amend the charter of a state community college to change it

into a community college as defined in section 3354.01 of the Revised Code, in order to permit the college to seek a local levy. Such amendment of the charter is effective immediately upon its acceptance by the Ohio department of higher education, and the state community college district shall thereupon become a community college district. If a levy is defeated by the voters or if no levy is approved by the electors within one year after the date the amendment takes effect, such amendment becomes void, and the college shall thereupon become a state community college, and the district operating such college shall become a state community college district. On the effective date of a charter amendment the board of trustees of the state community college district shall become the initial board of trustees for the community college district to serve for the balance of their existing terms, and the board or boards of county commissioners from the counties involved shall fill the first six vacancies occurring on the community college board, and thereafter board members shall be appointed under section 3354.05 of the Revised Code. If such an amendment takes effect and is subsequently voided under this section, any persons appointed to the board during the period the amendment was in effect shall be considered members of the state community college district board, and thereafter trustees shall be appointed in accordance with section 3358.03 of the Revised Code. Within thirty days after approval by the Ohio department of higher education of a state community college district proposed under this section, the Ohio department of higher education shall file with the secretary of state a copy of its certification or resolution creating the district. This copy shall be recorded in the office of the secretary of state, who shall then declare the district to be established.

Of these appointments three shall be for terms ending two years after the date upon which the district was created, three shall be for terms ending four years after that date, and three shall be for terms ending six years after that date. Thereafter, the successive terms of trustees shall be for six years, each term ending on the same day of the same month of the year as did the term which it succeeds. Where a state community college district succeeds to the operations of a state general and technical college, or a technical college district, the initial board of trustees of the district shall be composed of the members of the board of trustees of the state general and technical college, or a technical college district, to serve for the balance of their existing terms, and such additional number appointed by the governor, with the advice and consent of the senate, as will total nine members; and the terms of such members appointed by the governor originally and to all succeeding terms shall be such that, in combination with the original remaining terms of the members from the technical college district, the eventual result will be that three terms will expire every second year.
