

Academic Programs

Academic Programs

All students working toward an associate degree must register for one of the programs listed in this section.

Two-year general studies or pre-baccalaureate programs lead to the Associate of Arts or Associate of Science degree. Two-year technical education curricula lead to either the Associate in Applied Science, the Associate in Applied Business, or Associate of Technical Studies.

General Studies Programs

Developmental Courses

Developmental courses are taken in addition to any degree program and may not be used to satisfy any basic degree requirements. These developmental courses are: ENGL 1000 (co-req), MATH 1106, MATH 1116, MATH 1118, and MATH 1119 (co-req).

Associate of Arts and Associate of Science Degrees

The Associate of Arts and the Associate of Science degrees allow each student the opportunity to pursue programs culminating in two years of formal education. While the programs provide for a core of courses required of all students, they have enough flexibility to enable students to pursue a selection of courses based upon their own areas of interest and their educational goals. Students should select electives with their academic advisor's assistance.

The Associate of Arts and the Associate of Science degrees also provide the prospective student with a firm base from which to pursue a baccalaureate degree at a four-year college or university. Courses resemble those typically offered during the first two years at an accredited baccalaureate institution. The programs have been designed to permit a broad curricular sampling in the areas of communication, social sciences, humanities, and the sciences. The degrees have also been structured to permit students the possibility of selecting courses which suit their own individual needs.

Students must meet the entrance requirements of the college to which they intend to transfer. Since requirements vary among the colleges, students are advised to consult with the appropriate officers of the transfer institution. Acceptance and evaluation of credits lies exclusively within the jurisdiction of the colleges to which students transfer. Advisors will assist any student who plans to transfer to another college or university.

General Studies Requirements

Every student pursuing an Associate of Arts or Associate of Science degree program at Southern State Community College shall select studies in specific areas of discipline. The specification of such studies is not a designation of specific courses; rather it allows the student freedom to select, from several alternatives, those experiences most appropriate for him/her. The credit distribution which follows is based on the recommended standards of the Ohio Department of Higher Education.

Ohio Transfer 36 (OT36) and Institutional Transfer Pathways (OGTP)

The Ohio Department of Higher Education developed a statewide policy which facilitates student transfer credit within Ohio state colleges and universities. The Ohio Articulation and Transfer Policy allows students who meet approved general education requirements of their home institutions to automatically fulfill the Ohio Transfer 36 (OT36) module requirements of state institutions to which they transfer, even though general education courses may vary. Students should note, however, that after transfer, they may be required to meet additional general education requirements that are not included in their OT36 module.

The OT36 Module is made up of a specific subset of general education requirements in English composition, oral communications, Mathematics, humanities, fine arts, social science, behavioral science, physical science, natural science and interdisciplinary course work. The study of foreign language is also encouraged. The requirements contain 36 semester hours of course credits, as specified by individual colleges and universities.

The Ohio Guaranteed Transfer Pathways (OGTPs) are designed to provide clear pathways to degree completion for students pursuing associate degrees and then transferring to an Ohio public university for a bachelor's degree. The OGTPs constitute an agreement between public community colleges and universities confirming that community college courses meet major preparation requirements, including the Transfer Module, and will be counted and applied toward the bachelor's degree. Students still must meet all university program admission requirements, which in some cases may be competitive. (See Transfer Resources for OT36 and OGTP Pathways). Under the guidelines of the Ohio Transfer Policy, once transfer students are admitted into their receiving institutions, they are subject to the same regulations, including residency requirements, as are native students. They also will be given the same class standing and other privileges as

native students., Students should communicate, as early as possible in their academic careers, with the various colleges and universities to which they plan to transfer. Early communication and subsequent, early decisions about majors and prospective receiving institutions, enables students to plan their academic pathway to their transfer institutions. Southern State cannot be responsible if the student takes courses out of sequence or substitutes courses for those listed in the guaranteed program. For more information on transferring credit, <https://transfercredit.ohio.gov/>

Ohio Transfer (OT36) Module Requirements

The Ohio Transfer (OT36) Module at Southern State Community College (revised Autumn term, 2021) consists of 36 semester credit hours of introductory general education courses in: English Composition/ Oral Communications, Mathematics, Arts/ Humanities, Social and Behavioral Sciences, and Natural and Physical Sciences. Students follow these directions in selecting OT36 approved courses:

1. Select minimum requirements from introductory courses following the instructions provided in each section.
2. Complete the required minimum hours of the OT36 Module from the remaining courses on this list.

NOTE: Be sure to check with an academic advisor to assure the courses selected are the most appropriate for the major and the transfer college or university selected.

WRITTEN & ORAL COMMUNICATIONS (9 semester hours)

ENGL 1101 English Composition I (3)
 ENGL 1102 English Composition II (3)
 COMM 1115 Fundamentals of Effective Speech (3)
 (This course is in addition to English Composition and does not replace nor can it be substituted for written composition courses.)

MATHEMATICS

(Select a minimum of 3 semester hours)

MATH 1124 Finite Math (3)
 MATH 1141 College Algebra (4)
 MATH 1142 College Trigonometry (4)
 MATH 2221 Calculus I (5)
 MATH 2222 Calculus II (5)
 MATH 2223 Calculus III (4)
 MATH 2250 Linear Algebra (4)
 MATH 2281 Introductory Statistics (3)

ARTS/HUMANITIES

(Select 6 semester hours from at least two areas)

English

ENGL 2201 Introduction to Literature (3)
 ENGL 2202 The Great American Novel (1925-Present) (3)
 ENGL 2207 Women's Literature (3)
 ENGL 2217 Readings in Early British Literature (3)
 ENGL 2218 Readings in Later British Literature (3)
 ENGL 2230 American Literature to 1865 (3)
 ENGL 2235 American Literature after 1865 (3)
 ENGL 2236 Contemporary World Literature: The Novel (1945 to present) (3)
 ENGL 2238 Young Adult Literature (3)
 ENGL 2240 Introduction to Films (3)
 ENGL 2241 Film History (3)
 ENGL 2246 Classical and World Mythology (3)
 ENGL 2247 Critical & Cultural Approaches to the Fairytale (3)

Philosophy

Technical Programs

Technical education is designed to provide thorough career training at the technician level. The two-year associate degree programs expose students to intensive practical experience and skill development in the field they choose to study. The certificate programs are aimed at giving students a compact but thorough knowledge in a specified field. Technical offerings are tailored to meet the career interests and employment needs of persons in the communities served by Southern State Community College.

These degrees are awarded for successful completion of program requirements in a specialized degree program aimed at preparing a student for entry into a specific occupation.

Associate of Applied Business

- 429 Business Management - Real Estate Broker
- 429D Accounting

Associate of Applied Science

- 430 Nursing
- 435 Human & Social Services
- 435A Human & Social Services:
Chemical Dependency
- 455B Computer Technology
- 460C Mechanical Design Technology
- 470A Electro-Mechanical Engineering Technology
- 470G Engineering: Aviation Maintenance
- 485 Early Childhood Education
- 486 Paraprofessional Education
- 492 Medical Assisting
- 496A Law Enforcement

Associate of Technical Studies

- 410 Associate of Technical Studies

It is important for students to plan their program with the help and approval of a faculty advisor.

Certificate Programs

These certificates are awarded for successful completion of the certificate requirements designed to give students a compact but thorough knowledge for these fields:

- 429G Accounting
- 432 Practical Nursing
- 470I Aviation Airframe
- 470J Aviation Powerplant
- 492B Phlebotomy
- 492E Medical Assistant Technology

Career Enhancement Certificates

- Real Estate
- Microsoft Office Specialist

Associate of Arts Degree

Two-year Degree Program

Total Credits: 60

General Education Distribution Requirements

Associate of Arts Degree

To receive an Associate of Arts Degree, a student must complete course work that satisfies the following guidelines:

1. The SSCC Transfer Module (OT 36) (36 semester credit hours) must be satisfied.
2. A minimum total of 60 non-developmental education semester credit hours must be successfully completed.
3. Course work must be distributed in the following manner. In all cases, courses taken to satisfy the Transfer Module may be included in these totals.

A. Written & Oral Communications

9 semester hours

- ENGL 1101
- ENGL 1102
- COMM 1115

B. Social Sciences

9 semester hours (Courses from at least 2 areas)

- Economics
- Sociology
- Psychology
- History
- Political Science

C. Science and Mathematics

9 semester hours (at least one course from category 1 and two courses from category 2)

- Category 1: Mathematics
- Category 2: Biology, Chemistry, Physics

D. Arts and Humanities

12 semester hours (Courses from at least two areas)

- Literature
- Film
- Fine Arts
- Philosophy
- Theater
- Foreign Language

E. Electives

At least 21 semester hours

60 total credit hours for degree completion

Students with specific baccalaureate goals should meet the Associate of Arts requirements with electives that are approved by the advisor at the receiving institution.

Associate of Arts Degree

Concentration Pathways

Associate of Arts – Concentration Pathways

The concentrations listed below are academic pathways within the Associate of Arts Degree. *For example, a student who is planning to transfer to a four-year institution for Business Management may be interested in pursuing a concentration in Business Management.* Students must meet all requirements for the Associate of Arts Degree and Transfer Module to qualify for a concentration.

• Health, Fitness, and Exercise Science *(Minimum of 9 credit hours earned from the following courses)*

HFES 1101	Introduction to Exercise Science
HFES 1102	Introduction to Athletic Training
HFES 1195	Fitness and Wellness for Life
HFES 1190	Health-Related Fitness Foundations
HFES 2234	Personal Health

• Business Management

ACCT 1101	Principles of Financial Accounting
ACCT 1102	Principles of Managerial Accounting
BADM 2204	Principles of Marketing
BADM 2206	Principles of Mgmt & Org. Behavior
BADM 2251	Business Law I
BADM 2272	Business Communications

• Real Estate

REST 1171	Principles of Real Estate
REST 1173	Real Estate Law
REST 2275	Real Estate Finance & Appraisal

• Theatre

THEA 1121	Introduction to Theatre
	<i>Choose one of the following:</i>
	- THEA 1131, THEA 1132, THEA 2231
	<i>Choose one of the following:</i>
	- THEA 1101, THEA 1104, THEA 2204
	<i>Choose one of the following:</i>
	- THEA 1140, THEA 1150, THEA 2220

• Agriculture *(Minimum of 9 credit hours earned from the following courses)*

AGRI 1101	Agricultural Economics
AGRI 1106	Principles of Crop Science
AGRI 1107	Principles of Animal Science
AGRI 1114	Principles of Horticulture
AGRI 1119	Greenhouse Management
AGRI 1126	Livestock Feeds & Feeding
AGRI 2200	Agricultural Field Experience

Associate of Science Degree

Two-year Degree Program

Total Credits: 60

Associate of Science Degree

To receive an Associate of Science Degree, a student must complete course work that satisfies the following guidelines:

1. The SSCC Transfer Module (OT 36) (36 semester credit hours) must be satisfied.
2. A total of 60 non-developmental education semester credit hours of must be successfully completed.
3. Course work must be distributed in the following manner. In all cases, courses taken to satisfy the Transfer Module may be included in these totals.

A. Written and Oral Communications

9 semester hours

- ENGL 1101
- ENGL 1102
- COMM 1115

B. Social Sciences

9 semester hours (Courses from at least 2 areas)

- Economics
- Sociology
- Psychology
- History
- Political Science

C. Science and Mathematics

14 semester hours Courses from 1 and 2 (at least one course from category 1 and two courses from category 2)

1. Mathematics - 1141, 1142, 2221, 2222, 2223, 2230, 2281

Other math courses will not satisfy this requirement.

2. Science - Biology - 1040/1041, 1050, 1310/1311, 1320/1321, 1510/1511, 1520/1521, 2300/2301

Chemistry - 1151/1161, 1152/1162, 2201/2211, 2202/2212

Physical Science - 2201/2211, 2202/2212, 2221/2231, 2222/2232

Other science courses will not satisfy this requirement.

D. Arts and Humanities

9 semester hours (Courses from at least two areas)

- Literature
- Film
- Fine Arts
- Philosophy
- Theater
- Foreign Language

E. Electives - At least 19 semester hours

60 total credit hours for degree completion

Students with specific baccalaureate goals should meet the Associate of Science requirements with electives that are approved by an advisor at the receiving institution.

Associate of Science Degree

Concentration Pathways

Associate of Science – Concentration Pathways

The concentrations listed below are academic focus pathways within the Associate of Science Degree. For example, a student who is planning to transfer to a four-year institution for Engineering may be interested in pursuing a concentration in Mathematics. Students must meet all requirements for the Associate of Science Degree and Transfer Module to qualify for a concentration.

• Forensic Biotechnology

Recommended for students interested in Crime Scene Investigation, Law Enforcement, and Criminal Investigation Laboratory Science

BTNL 1110	Intro to Biotechnology & Laboratory Science
BTNL 1120	Intermediate Biotechnology & Laboratory Science
CJUS 2233	Criminal Investigation
CJUS 2245	Crime Scene Investigation

• Molecular Biotechnology

Recommended for students interested in Premedicine, Pre dentistry, Preveterinary, Biology, or work in the Biotechnology field

BTNL 1110	Intro to Biotechnology & Laboratory Science
BTNL 1120	Intermediate Biotechnology & Laboratory Science
BTNL 2220	Advanced Biotechnology & Laboratory Science

• Mathematics

MATH 2222	Calculus II
MATH 2223	Calculus III
MATH 2230	Differential Equations
MATH 2250	Linear Algebra

• Agriculture *(Minimum of 9 credit hours earned from the following courses)*

AGRI 1101	Agricultural Economics
AGRI 1106	Principles of Crop Science
AGRI 1107	Principles of Animal Science
AGRI 1114	Principles of Horticulture
AGRI 1119	Greenhouse Management
AGRI 1126	Livestock Feeds & Feeding
AGRI 2200	Agricultural Field Experience

Technical Studies - 410

Associate of Technical Study Degree

Total Credits: 60-73

The Associate of Technical Study (ATS) program offers the student the opportunity to design, with faculty guidance, an individualized course of study to suit specific career-related goals. Course work for ATS degrees may include portions of existing Southern State programs, skills already learned, life experience and applicable credits earned at other schools. Requirements for an individual student's program usually fit into traditional program offerings.

While meeting each student's personal career objectives, the ATS program satisfies the employer as well. The program is particularly appropriate for individuals who are employed and have been targeted for positions with additional responsibility. It also provides an option for both employer and employee when existing job positions have requirements which are not adequately matched with current college curricula. The individualized philosophy of the program draws courses from two or more technical areas and attempts to fulfill local employment needs one student at a time. Furthermore, this multidisciplinary approach will prepare graduates for future transitions which may occur in the workplace.

Admissions Procedures

Individuals interested in pursuing the Associate of Technical Study degree will begin the application procedure by first being directed to a faculty advisor.

Secondly, the student will complete and submit the Southern State Community College Application for Admission and the Associate of Technical Study Application. On the ATS Application form, the student will be asked to justify acceptance into the program and to demonstrate sound rationale for why the ATS degree is more appropriate.

Next, the student will be assigned a faculty advisor and an ATS planning committee will be established. The faculty advisor, along with the planning committee, will oversee the selection of courses and assure that standards will be maintained.

Each student's progress will be monitored, and any deviation from the established program must be approved by the Vice President of Academic Affairs.

Graduation Requirements

1. Graduates of the ATS program will adhere to the same requirements as any technical program at Southern State with regard to communications, mathematics, social science/humanities and natural sciences.
2. Semester hour requirements will be established individually within limits of 60 to 73.

3. A grade point average of 2.00 or above is required for graduation.
4. At least 20 semester hours of classroom instruction of each student's course work must be completed at Southern State.
5. Particular courses may be required by the planning committee, based upon the student's background and career objectives.

Associate of Technical Study: Type A Program

This program enables the student to receive college credit for qualified industry training and to choose courses from two or more existing Southern State associate degree programs and thereby design a personalized curriculum. All ATS Type A program curriculums must be approved by the Vice President of Academic Affairs.

Associate of Technical Study: Type B Program

This program helps the college to develop associate degree programs in partnership with professional organizations and business/industrial firms with staff development programs by equating their training activity to a block of college credit.

A college review committee will examine the training program offered by an organization in order to determine if it qualifies for inclusion.

When implemented, each program accommodates students transferring from an educational program which lies outside the traditional collegial domain. The degree gives recognition to the training of the professionals while enabling them to experience the broadening, liberalizing, and enriching components of a college education. For more information concerning the ATS Type B program, contact your faculty advisor.

Currently, cooperative arrangements can be incorporated for ATS Type B degrees in the following:

Industrial Training

Southern State has worked with numerous industries to develop a program for skill areas used in industry from existing curriculum, in whole or in part. These completed programs can provide a significant amount of credit toward an associate degree.

The basic ingredients of these programs and their basic framework can be adapted to other trade or skill areas to meet other companies' needs.

Total Credits: 60-73

Business Management - 429

Associate of Applied Business Degree

Total Credits: 61

Nature of the Profession: Managerial personnel oversee, direct and plan the work of others as well as determine business policy. Entry-level positions are either supervisory or trainee in nature. Supervisors are the largest group and they direct workers' activities in such areas as sales, production, accounting, and purchasing.

Related Job Titles: Retail Department Manager; Purchasing Manager; Restaurant, Hotel, or Motel Manager; Credit Manager; and Manager Trainee.

After completion of CSCI 2218, students can sit for the Excel Licensure Exam.

After completion of ACCT 2230, students can sit for the Intuit Quickbooks Licensure Exam.

Completion of the Accounting One-Year Technical Certificate is stackable into the Accounting Associate Degree.

Nursing - 430

Associate of Applied Science Degree

Total Credits: 65-68

Nature of the Profession: The registered nurse (RN) provides patient care due to illness or desire to maintain health. The RN scope of practice is defined by the Ohio Nurse Practice Act. RNs practice nursing in a wide range of settings including hospitals, schools, work sites, and patient's homes. Multiple advanced degrees are offered at various universities.

Program Design: The program is designed to be completed in five semesters. It is a daytime program, with primarily face-to-face classes. Accepted students enter with a specific cohort, and continue within that cohort until graduation. All lecture, lab, simulation, and clinical experiences are integrated into each semester, and must be completed successfully to progress in the program. NRSNG courses must be completed in the order listed in the outline.

Non-nursing courses may be completed prior to entry into the program or during the required semester of the nursing program. Please note this may reduce the amount of Financial Aid you receive each term.

Admission Criteria: Admission to the nursing program is a competitive and selective process. The Associate Degree Nursing Pathway Information Packet describes the application process and documentation required to support entry into the ADN Program. The Nursing Transition Pathway Information Packet is available to guide practicing LPNs to apply to the Associate Degree Nursing Program. The Associate Degree Nursing Program and Nursing Transition Pathway Information Packets are available at all Southern State campuses or at:
www.sccc.edu/academics/associate/nursing.shtml

Incomplete applications will not be considered. It is the responsibility of the applicant to be sure the required information is submitted to the nursing office.

Other recommended courses are: CHEM 1124, COMM 1115, any course with FNAR prefix, MAST 1115, MATH 1160 and PSYC 1110. If preparing for BSN completion, please contact school of choice for program requirements.

Practical Nursing - 432

Certificate Program

Total Credits: 35

Nature of the Profession: The licensed practical nurse (LPN) provides patient care due to illness or desire to maintain health. The LPN scope of practice is defined by the Ohio Nurse Practice Act. The LPN provides care at the direction of a licensed physician, dentist, podiatrist, optometrist, chiropractor, or registered nurse. The majority of LPNs work in long-term care and community organizations.

Program Design: The Practical Nursing Program is a three semester certificate program combining lecture, lab, and clinical experiences designed to prepare the graduate to be eligible to complete the licensure examination (NCLEX-PN) to become a Licensed Practical Nurse. The program has full approval of the Ohio Board of Nursing.

Admission Criteria: Admission to the nursing programs is a competitive and selective process. The Practical Nursing Program Information Packet describes the application process and documentation required to support entry into the Practical Nursing Program. The Practical Nursing Program Information Packet is available at all Southern State campuses or at www.sccc.edu/academics/certificate/practical-nursing.shtml

Non-nursing courses may be completed prior to entry into the program or during the required semester of the nursing program. Please note this may reduce the amount of Financial Aid you receive each term.

Incomplete applications will not be considered. It is the responsibility of the applicant to be sure the required information is submitted to the nursing office.

Other recommended courses include: BIOL 2300/2301, CHEM 1124, COMM 1115, ENGL 1102, and MAST 1115, and PSYC 1111.

Human and Social Services - 435

Associate of Applied Science Degree

Total Credits: 64

Nature of the Profession:	COURSES	CREDITS
<p>Human services worker is a generic term for people with various job titles who may play a variety of roles in community service and agency settings. They may assist clients in obtaining benefits and services or assess the needs and establish the eligibility of clients for services. They may organize and lead group activities, assist clients in need of emotional support or crisis intervention, or they may monitor and keep case records on clients and report progress to supervisors. Additionally, human services workers may administer programs such as food banks, emergency fuel programs, or work with senior centers or charities.</p> <p>Human services workers generally work under the direction of a qualified professional--many times a social worker, professional counselor, program director, or psychologist. The amount of responsibility and supervision they are given varies a great deal, as do actual work duties. Some are on their own most of the time and have little direct supervision; others work under close supervision.</p> <p>Related Job Titles: Social Work Assistant, Social Services Technician, Assistant Counselor, Family Services Worker, Case Extender, Case Manager, Victim Advocate Associate, MR/DD Adult Services Worker, Gerontology Aide, Residential Treatment Facility Associate, Intake Specialist, Job Coach, Income Maintenance Worker, Senior Center Director, Outreach Worker.</p> <p>Program Design: The program provides a foundation in social and behavioral sciences which will prepare students for challenging work in a variety of social service settings. Entry level courses in the helping professions such as psychology, cultural diversity, sociology, social problems, and interviewing techniques will be offered. Specialty classes will include substance abuse, case management, counseling, crisis intervention, mental retardation, and gerontology. The program has been designed to meet the course work standards of the State of Ohio Counselor, Social Worker, and Marriage and Family Therapist Board certification as Social Work Assistant. Individuals will be provided opportunities for personal and professional growth through knowledge-based learning, experiential processes, community involvement and 480 hours of practical experience under direct supervision of professionals in local agencies.</p> <p>Persons pursuing a career in human services should recognize that to be successful, they must be emotionally stable, creative, and flexible. Human services professionals must be able to work effectively with diverse groups of people and individuals with a wide variety of ages, racial and cultural backgrounds, and life situations.</p> <p>A grade of "C" (2.00) or better is required in all courses for graduation. Any required course in which a grade below a "C" is received must be repeated. Life experience credit may not be used to fulfill graduation requirements in this program.</p>	<p>Fall Semester</p> <p>HSSR 1140 Racial & Cultural Diversity in the Helping Professions 3</p> <p>HSSR 1110 Intro to Social Services & Ethical Procedures 3</p> <p>ENGL 1101 English Composition I 3</p> <p>PSYC 1110 Principles of Psychology 3</p> <p>MATH 1115 Math for the Business and Social Sciences 3</p> <p>SOCI 2232 The Criminal Justice System 3</p> <p>Spring Semester</p> <p>HSSR 1105 Survey of Substance Abuse 3</p> <p>HSSR 1135 Affective Education & Group Process 3</p> <p>HSSR 1150 Case Management Writing in the Helping Professions 3</p> <p>ENGL 1102 English Composition II 3</p> <p>PSYC 2207 Human Growth & Dev. 3</p> <p>Fall Semester</p> <p>HSSR 2271 Human Services Practicum I 3</p> <p>HSSR 2265 Diagnosis of Mental and Emotional Disorders 3</p> <p>HSSR 2210 Counseling Theories 3</p> <p>BIOL 1040 Human Biology I 3</p> <p>BIOL 1041 Human Biology Lab I 1</p> <p>SOCI 1170 Introduction to Sociology 3</p> <p>Spring Semester</p> <p>HSSR 2272 Human Services Practicum II 3</p> <p>HSSR 2211 Counseling Techniques 3</p> <p>HSSR 2280 Crisis Intervention and Trauma Informed Treatment 3</p> <p>SOCI 1150 Marriage & Family 3</p> <p>COMM 1115 Fundamentals of Effective Speech 3</p> <p>Program Total 64</p>	

Chemical Dependency Major - 435A

Human and Social Services - Associate of Applied Science Degree

Total Credits: 64

Nature of the Profession:

The Human and Social Services Chemical Dependency Major is designed to prepare students for careers in case management and counseling of chemically dependent individuals and their families. Students are prepared for employment in entry level positions in a variety of settings including therapeutic communities, rehabilitation centers, inpatient facilities, residential programs, outpatient clinics, mental health centers, detox units, and other organizations focusing on addictions treatment, education, or prevention. They may organize and lead group activities, assist clients in need of emotional support or crisis intervention, or they may monitor and keep case records on clients and report progress to supervisors. The amount of responsibility and supervision they are given varies a great deal, as do actual job duties.

Related Job Titles: Case Manager, Caseworker, Chemical Dependency Counselor, Social Work Assistant, Home Visitor, Residential Treatment Facility Associate, Addictions Educator, Intake Specialist.

Program Design:

The program provides students with a foundation in social and behavioral sciences, a focused study in addictions, and career-oriented clinical/practicum experiences leading to the development of competent addictions counselors. The curriculum places strong emphasis on application of knowledge to problems and practices in the fields of human services and chemical dependency treatment, intervention, and prevention. Courses in the program address basic human services and counseling skills, pharmacology and addictions theory, as well as a selection of liberal arts topics to provide a broad understanding of the human experience. Academic and clinical application coursework is built around the knowledge, skills, and competencies necessary to help clients move from life threatening addictions to recovery. Classes focus on the following: psychological and sociological understanding of human interactions; addictive behaviors and various treatments utilized with chemically dependent persons; pharmacological effects of alcohol and other chemicals; understanding the various needs of special populations and their differing help seeking behaviors; ethical issues including confidentiality, appropriate boundaries, and dual relationships; and counseling theory and techniques.

Program requirements address the competencies identified by Ohio Department of Mental Health and Addictions Services (OMHAS). Graduates will have completed the necessary coursework requirements for eligibility as a Licensed Chemical Dependency Counselor II, a credential awarded by the Ohio Chemical Dependency Professionals Board. Additional requirements for LCDC II include a period of supervised experience, some of which students are expected to complete after graduation from the program. Program graduates planning to work as chemical dependency counselors must apply for and receive this credential in order to practice legally in the State of Ohio. In addition, the program meets the educational requirements of the State of Ohio Counselor, Social Worker, and Marriage and Family Therapist Board certification of Social Work Assistant.

A grade of "C" (2.00) or better is required in all courses for graduation. Any required course in which a grade below "C" is earned must be repeated. Students completing the Chemical Dependency Major must complete their entire practicum experience at a chemical dependency counseling/treatment facility. Life experience credit may not be used to fulfill graduation requirements in this program.

Students Pick TWO Focus Areas

(after first year fall semester)

Focus 1 - Networking

- Class 1 - CSCI 2233 - CISCO Introduction to Networks
- Class 2 - CSCI 2236 - CISCO Routing and Networking
- Class 3 - CSCI 2239 - CISCO Enterprise Networking, Security, and Automation

Focus 2 - Programming

- Class 1 - CSCI 1121- Introduction to Computer Programming
- Class 2 - CSCI 2263 - HTML 5 Programming
- Class 3 - CSCI 2205 - Mobile Device Programming

Focus 3 - Cybersecurity

- Class 1 - CYBR 2210 - Introduction to Cybersecurity
- Class 2 - CYBR 2220 - Ethical Hacking
- Class 3 - CYBR 2230 - Advanced Cybersecurity

Focus 4 - Robotics

- Class 1 - EENG 1105 - DC Circuits & Devices
- Class 2 - CSCI 2260 - MicroController Programming
- Class 3 - EENG 2205 - Digital Circuits

Mechanical Design Technology - 460C

Associate of Applied Science Degree

Total Credits: 64

Nature of the Profession: Designers prepare detailed drawings on computer aided drafting (CAD) systems. Drawings are made on a video screen and might never be placed on paper. These systems can save time from routine drafting work and permit design variations to be easily prepared, with consideration given to tooling and manufacturing.

Related Job Titles: Architect, Engineering Technician, Landscape Architect, Surveyor, and all product design and manufacturing technicians.

Paraprofessional Education - 486

Associate of Applied Science Degree

Total Credits: 64

Nature of the Profession: Paraprofessionals work in schools and districts throughout Ohio and serve a critical role in supporting the delivery of high quality instruction for all children (from preschool through grade 12), especially those students considered at risk. Today's paraprofessionals (which may also be known as instructional assistants, special education aides, teaching assistants, or teaching/classroom aides) work alongside a professional under the direction of licensed teachers, as part of instructional teams, to support individual students and small groups of students to access and progress through challenging curricula aligned with Ohio's academic content and common core state standards.

General duties associated with a paraprofessional educator include the following:

- Assisting teachers in the classroom
- Supervising students outside of the classroom
- Providing administrative support for teaching
- Helping students understand and complete assignments
- Working with students who have special needs
- Performing clerical work for teachers as needed

Medical Assisting - 492

Associate of Applied Science Degree

Total Credits: 60

Nature of the Profession: The Medical Assistant is cross-trained to perform administrative and clinical duties in physician's offices, hospitals and other healthcare facilities. They may choose to work as a receptionist in a hospital or physician's office, a medical transcriptionist/scribe, insurance specialist, financial secretary, billing and collection specialist, laboratory assistant, or a clinical assistant involved in patient care. Duties vary with the location, specialty and needs/size of the practice.

Related Job Titles: Medical Receptionist, Computerized Medical Office Management, Medical Records Clerk, Medical Transcriptionist/Scribe, Clinical Assistant, Lab Assistant, Out-patient Clinic Medical Assistant, X-ray Aide, Health Coach/Manager, Patient Navigator, or Patient Care Coordinator.

Program Design: This program is a two-semester, accelerated program designed to be completed following the Step Pathway outline, as a full-time student. Graduates also earn the Medical Assistant Technology Certificate and may be eligible to complete stackable credentialing exams upon successful program completion. All courses must be completed with a minimum grade of "C".

Program Criteria: Students interested in the Medical Assisting (MAST) Program must meet with the Program Director/Office Assistant to complete the program information packet and required documentation. The Medical Assisting Student Handbook details program requirements (available online). Completion of minimum course requirements does not guarantee a practicum placement (review BCI Information).

See the Student Handbook for the Medical Assisting Program requirements and policies pertaining to: GPA Requirements, Health Requirements, Required Immunizations/Tests, General Practicum Requirements, Background checks, etc.

It is strongly recommended for students within Medical Assisting/Allied Health Programs to meet with a program advisor every semester to ensure they are taking classes in sequence. Not meeting with a Medical Assisting program advisor may result in a student being unable to finish their degree in the expected timeframe.

Note: General Education Courses for the A.A.S. in Medical Assisting may be completed prior to, or following, the 492E Medical Assistant Technology Certificate.

Step 1 – Pathway to Medical Assistant Technician

After successful completion of semester courses, meet with the program director to discuss your options for completion of professional credentialing examinations offered by American Association of Medical Assistants (AAMA), American Medical Technologists (AMT), National Healthcareer Association (NHA).

BIOL 1510-1511	Anatomy & Physiology I	4
CSCI 1101	Computer Keyboarding	1
ENGL 1101	English Composition I	3
PSYC 1110	Principles of Psychology	3
Spring Semester Year Two		
BIOL 1520-1521	Anatomy & Physiology II	4
COMM 1115	Fund. of Effective Speech	3
ENGL 1102	English Composition II	3
MATH 1135	Allied Health Mathematics	3
PSYC 1111	Life Span & Human Dev.	3

Step 3 – Transfer Pathway to Bachelor Degree

Transfer to one of our Partner Universities for a Bachelor in Healthcare Management OR Bachelor in Healthcare Administration.

Program Total 60
Program Total does not include any pre-requisites.

Phlebotomy Technician - 492B

Certificate Program

Total Credits: 30

Nature of the Profession: A Phlebotomist is trained to work primarily in a hospital and is depended upon to acquire quality blood specimens from the patient by performing venipuncture and capillary sticks.

Related Job Titles: Phlebotomist, Phlebotomy Technician, Lab Assistant, Reference Lab Phlebotomist

Program Design: This program is designed to be completed in 2 semesters as a full-time student. A STEP-Pathway option is available for professional credentialing examinations. All courses must be completed with a minimum grade of "C".

Note: Meet with Program Director for an outline combining STEP 1 Spring Semester with STEP 2 Spring Semester outline of 492B Phlebotomy Technician Certificate (reducing 3-Semester outline to a 2-Semester outline)

Program Criteria: Students interested in the Allied Health (ALTH) Program must meet with the Program Director/Office Assistant to complete the program information packet and required documentation. The Allied Health Student Handbook details program requirements (available online). Completion of minimum course requirements does not guarantee a practicum placement (review BCI Information).

See the Student Handbook for the Phlebotomy Program/Allied Health Certificate Program requirements and policies pertaining to: GPA, Health Requirements, Required Immunizations/Tests, General Practicum Requirements, Background checks, etc.

Note: Meet with Program Director to discuss STEP Program Outline options combining program outlines for 492 Associate of Applied Science in Medical Assisting and/or 492E Medical Assistant Technology Certificate.

It is strongly recommended for students within Allied Health Sciences to meet with a program advisor every semester to ensure they are taking classes in sequence. Not meeting with an Allied Health Science program advisor may result in a student being unable to finish their degree in the expected timeframe. Health Requirements, Required Immunizations/Tests, General Practicum Requirements, Background checks, etc.

Gainful Employment Program Disclosure

This Title-IV-eligible certificate is subject to the US Department of Education gainful employment regulations. These regulations require that we make the gainful employment program disclosure information available to you so that you may make informed decisions about which program best meets your career path needs.

COURSES

CREDITS

Step 1 – Pathway to Phlebotomy Technician

After successful completion of semester courses, meet with the program director to discuss your options for completion of professional credentialing examinations offered through the American Society of Clinical Pathology (ASCP), the American Medical Technologists (AMT), the National Healthcareer Association (NHA).

Spring Semester

ALTH 2201	Phlebotomy Technology	3
ALTH 2225	Phlebotomy Practicum	1
ALTH 2220	Emergency Med. Pro.	3

Step 2 – Pathway to Phlebotomy Tech Certificate

Add Step 1 courses if not yet complete. Meet with the ALTH Program Director to discuss recommended course options for 1-year Full-time Status Outline.

Fall Semester | Year 1

BIOL 1510-1511	Anatomy & Physiology I	4
COMM 1115	Fund. of Effective Speech	3
ENGL 1101	English Composition I	3
MAST 1115	Medical Terminology	2
MATH 1135	Allied Health Mathematics	3

Spring Semester | Year 1

BIOL 1520-1521	Anatomy & Physiology II	4
MAST 1118	Human Diseases	2
MAST 2205	Medical Law & Ethics	2

Completion of the Phlebotomy Technician Certificate is stackable within the Medical Assistant Technology Certificate and the Associate of Applied Science in Medical Assisting Program. Some of the required courses include online offerings, allowing degree completion while working in the field.

Step 3 – Pathway to Associate of Applied Science in Medical Assisting (492)

Meet with the Program Director for a complete Program Outline for Associate of Applied Science in Medical Assisting – See Program 492/492E.

Step 4 – Pathway to Bachelor Degree

Transfer to one of our Partner Universities for a Bachelor Degree in Healthcare Management OR Bachelor Degree in Healthcare Administration.

Medical Assistant Technology - 492E

Certificate Program

Total Credits: 36

Nature of the Profession: The Medical Assistant is cross-trained to perform administrative and clinical duties in physician's offices, hospitals and other healthcare facilities. They may choose to work as a receptionist in a hospital or physician's office, a medical transcriptionist/scribe, insurance specialist, financial secretary, billing and collection specialist, laboratory assistant, or a clinical assistant involved in patient care. Duties vary with the location, specialty and needs/size of the practice.

Related Job Titles: Medical Receptionist, Computerized Medical Office Management, Medical Records Clerk, Medical Transcriptionist/Scribe, Clinical Assistant, Lab Assistant, Out-patient Clinic Medical Assistant, X-ray Aide, Health Coach/Manager, Patient Navigator, or Patient Care Coordinator.

Program Design: This accelerated certificate program is designed to be completed in two semesters, in one academic year, as a full-time student. The certificate may also be used as a Step Pathway toward the A.A.S. in Medical Assisting. Graduates may be eligible to complete stackable credentialing exams upon successful semester and/or program completion. All courses must be completed with a grade of "C" or better.

Program Criteria: Students interested in the Medical Assisting (MAST) Program must meet with the Program Director/Office Assistant to complete the program information packet and required documentation. The Medical Assisting Student Handbook details program requirements (available online). Completion of minimum course requirements does not guarantee a practicum placement (review BCI Information).

See the Student Handbook for the Medical Assisting Program requirements and policies pertaining to: GPA Requirements, Health Requirements, Required Immunizations/Tests, General Practicum Requirements, Background checks, etc.

Note: Meet with Program Director to discuss STEP Program Outline options combining program outlines for 492 Associate of Applied Science in Medical Assisting and/or 492B Phlebotomy Technician Certificate.

It is strongly recommended for 492/492E Medical Assisting students to meet with a program advisor every semester to ensure they are taking classes in sequence. Not meeting with a Medical Assisting program advisor may result in a student being unable to finish their degree in the expected timeframe.

Gainful Employment Program Disclosure

This Title-IV-eligible certificate is subject to the US Department of Education gainful employment regulations.
