

# About the WORKSHOPS

The Workforce Development and Community Services Division of Southern State Community College is sponsoring two workshops to allow water and wastewater operators to **gain up to (12) Contact hours in just two days**. Choose one or both, according to what your schedule allows.

## PLEASE NOTE!

The Ohio EPA now requires all attendees to have their **Core Person ID Number with them to sign in on the day of attendance**. Certification of attendance to the Ohio EPA cannot be sent without this number.

Workshop hours each day are **8:30 a.m.- 4 p.m.**, with a continental breakfast, lunch, and break refreshments provided - all included with the cost of the workshop. Registration begins at 8 a.m. Classes are subject to change due to unforeseen COVID-19 restrictions.

There are **three ways to register** for the workshops; by the **online form**, by **phone**, or by **email**. Details are provided inside this brochure.

We hope you can take advantage of these **unique training opportunities**, and look forward to seeing you in class!

# License Renewal WORKSHOPS

for **Water & Wastewater Operators**

Tuesday, **April 8, 2025**  
Wednesday, **April 9, 2025**

at the **Brown County Campus of Southern State Community College**  
351 Brooks-Malott Rd.  
Mt. Orab, Ohio 45154

**SOUTHERN STATE**  
COMMUNITY COLLEGE

## Peracetic Acid Use

in Water/Wastewater Process

Tuesday, **April 8**, 2025

8:30 a.m. – 4 p.m.

(6) Contact Hours

OEPA Approval – OEPA-B88487950-OM

(Both DW & WW)

**Instructor:** Mike Harrington, C.E.T.

**Description:** This workshop will review comparative reasons to consider peracetic acid. Definitions and common characteristics related to strengths, formulations, efficacy, oxidizing capacity and the pros and cons will be discussed. Safety, storage, and proper handling as well as applications, cost comparatives, and residual testing will be explored during the session.

### Learning Objectives:

Understand the basic characteristics of peracetic acid used in the water and wastewater industry, strengths, limitations. Etc.

Familiarize the safety, handling and compatibility issues using peracetic acid

Understand the benefits, features and advantages of peracetic acid over more common oxidizers like hypochlorite, ozone, chlorine, chlorine dioxide, and even stand-alone ultraviolet

Learn why peracetic acid holds many added benefits in applications in the water and wastewater industry

## Five Common Sense Practices

in Water/Wastewater Process

Wednesday, **April 9**, 2025

8:30 a.m. – 4 p.m.

(6) Contact Hours

OEPA Approval – OEPA-B88248983-OM

(Both DW & WW)

**Instructor:** Mike Harrington, C.E.T.

**Description:** This program will focus on two common misunderstandings of key elements used to achieve a well run operation. First, we will explore temperature & alkalinity; two of the most important measurement parameters an operator can make. Next, we will investigate the three key operational practices most often ignored in the chemical feed process. Ignoring the practices could lead to a catastrophic event like injuring your personnel and/or civilians.

### Learning Objectives:

Recognize and validate the role that temperature & alkalinity play in every water & wastewater process

Grasp the real purpose for verifying each and every chemical delivered to the water & wastewater facility

Know why using the weakest strength of a chemical can pay big dividends in operation and maintenance concerns

Understand the importance of verifying every chemical delivery

---

**LIMITED SPACE AVAILABLE**  
Class Capacity is 60  
**REGISTER EARLY**

# REGISTRATION

Earn (6) contact hours for each workshop!  
**Cost of each workshop is \$150 per person**, which includes a light breakfast, lunch, and snacks each day (*depending on any unforeseen COVID-19 restrictions*). **The deadline to register is April 1, 2025.** There are three ways to register for these workshops:

**ONLINE** – complete the online form at <https://www.sccc.edu/academics/short-term-training/water-workshops-registration.shtml>

*For online registrations, an email confirmation will be sent once successfully enrolled.*

**PHONE** – call **800.628.7722 x3520** (Amanda Lewis) Monday through Thursday, 7:30 a.m. – 5 p.m., and provide your credit card number or purchase order number and billing address.

**The College will be closed March 10-14 for Spring Break. If you call during this time frame, please leave a message and Amanda will return your call upon returning to the office.**

**EMAIL** - send an email containing your registration information to Amanda Lewis at [alewis@sccc.edu](mailto:alewis@sccc.edu).

### PLEASE NOTE!

The Ohio EPA now requires all attendees to have their **Core Person ID Number with them to sign in on the day of attendance.** Certification of attendance to the Ohio EPA cannot be sent without this number.

*Cancellations must be received seven days prior to workshop date.* For more information, please contact Amanda Lewis at [alewis@sccc.edu](mailto:alewis@sccc.edu) or by calling 800.628.7722 x3520.
