 Check out the syllabi: <https://www.sccc.edu/syllabi/agriculture.shtml>*

Southern State transfers in coursework to cover 22 Wilmington College semester hours, primarily from the Agriculture core. A student who completed the above coursework would then need 32 hours of mostly upper-division coursework at Wilmington College to complete the major.

Bonus: Students would have transferred in the coursework to fulfill the natural science general education requirement.

Southern State has also developed a concentration in Agriculture under our Associate of Applied Business degree.

Southern State's Fall Semester begins August 21. Registration is currently underway.
